- **Gain knowledge of a new language**

American Sign Language (ASL) is a language just like French, Spanish or English. It takes time to learn and even longer to master. The Community Center for the Deaf and Hard of Hearing (CCDHH) provides three levels of ASL courses that feature progressive language and comprehension, as well as the opportunity to interact with other students and practice the language.

This is **NOT** an Interpreter Training Program. However, successful completion of these classes will provide you with a strong, conversational knowledge of ASL. (Individual instruction is also available to meet specific needs of individuals.)

**All classes are an hour each
and are held once a week at:**

About the Instructors:

Our instructors are fluent ASL signers and teach all of our community education classes. They have strong ties to the Deaf community and Deaf culture. Instructors enable students to learn about the diversities and challenges faced by members of the Deaf community.

About the Classes

Three levels of ASL classes are offered, featuring progressive language and comprehension as well as the opportunity to interact with other students and practice signs.

ASL Level 1 - Tuesdays 7:00 - 8:00 pm

This Course will introduce students to basic conversational sign language including beginning ASL vocabulary as well as Deaf Culture and history. Students are taught the manual alphabet and the basic fundamentals of signing. Everyone will be expected to demonstrate their ability to use non-verbal communication during class with fellow students as well as with the instructor. This course will include lectures, hands on group activities, frequent opportunities for practice, in class discussions, and other fun activities. This class is intended for those who do not know, or know very little, sign language.

ASL Level 2 - Wednesdays 7:00 - 8:00 pm

This is an intermediate level course. It is designed to continue to expand ASL vocabulary. Students will develop receptive and expressive skills and will begin to use grammatical features of ASL. Students are expected to increase their fluency and accuracy in fingerspelling, numbers and basic conversational signs. The class also continues to examine additional elements of Deaf Culture and history. This course will include lectures, hands on group activities, frequent practice sessions, and interactive activities. This course is ideal for students who completed ASL 1.

ASL Level 3 - Call for class information 216-325-7581

This course is intended for those who have completed ASL 1 and 2. It is an advanced course for those interested in continuing to develop their ASL skills and their understanding of Deaf Culture. Higher level grammatical concepts and vocabulary are practiced. The class structure includes more complex dialog as well as storytelling to improve both expressive and receptive skills.
