

Who we serve
We serve people of all ages: infants, children, adults and seniors.

Payments accepted

- Self-pay clients are always welcome.
- CHSC is a provider for Medicare and many Medicare Advantage plans
- CHSC is a provider for Medicaid and many Medicaid managed care plans
- CHSC contracts with many commercial insurance plans
- **Audiology Patient Assistance (APA) Program**
  The APA program provides hearing testing, hearing aids, assistive devices, hearing aid repairs and professional services at a reduced cost for those with limited financial resources. Eligibility is determined based on completion of an application, including proof of income.

Many insurances now cover hearing aids, please contact us to see if hearing aids are covered by your plan!

Hearing aid use positively affects quality of life for both the hearing aid wearer and his or her significant other.

– (National Council on Aging)

CLEVELAND Hearing & Speech CENTER **www.chsc.org**

Cleveland Hearing & Speech Center is the premier provider of hearing, speech-language, and deaf services, education, and advocacy, helping people connect through communication.

June 2024

CLEVELAND Hearing & Speech CENTER

Hearing Services

We believe that life is improved by successful communication.

We are dedicated to helping people hear better so they can fully enjoy the people and activities that bring meaning to each day.

Hearing Services

Early assessment, early identification and early intervention can make all the difference in the life of a child with hearing loss.

Hearing Evaluations
Proper treatment of hearing loss begins with a complete hearing evaluation. Experienced CHSC audiologists and Hearing Instrument Specialists provide hearing evaluations using state-of-the-art equipment.

Hearing Aids
CHSC dispenses a full range of hearing aids. We work with a variety of manufacturers and our skilled clinicians can help you find the solution that is best for you and your listening needs. We offer features such as connectivity to cellphones and TVs, partner mics, tinnitus maskers, and rechargeability.

CHSC also offers **Hearing Aid Walk-in Clinics** for our current clients at all offices at multiple times throughout the week. Walk-in clinics can provide basic hearing aid services including troubleshooting, professional cleaning and minor repairs, as well as help with connectivity to a cellphone. Please call ahead for available times.

Professional Services
Purchased your hearing aid elsewhere and need assistance? CHSC is happy to help with programming, cleaning, adjustments, and repairs.

Community Education
Educational talks are offered at community agencies. CHSC often participates in health fairs and other events.

Auditory Processing Assessments
CHSC offers Auditory processing testing for children aged 7-22. Testing may be appropriate when a person has difficulty "hearing" but audiologic testing suggests normal hearing sensitivity.

Cochlear Implant Services
CHSC works collaboratively with local surgeons to provide cochlear implant services including candidacy evaluations, device selection, activation, mapping, and follow-up care for adults.

Early Intervention
In partnership with Ohio's Help Me Grow program, CHSC provides family-focused intervention for infants and toddlers (birth to 3 years) who are deaf or have hearing loss. Services are provided at no charge to the families.

Educational Audiology
CHSC provides audiologic services in local school districts to ensure children with hearing loss receive access to quality education.
